## GEN. BLANCO'S POLICY

Weyler's Successor Made a Statement Before Sailing.

HE IS CONFIDENT OF SUCCESS.

In Seven Months He Expects to End the War Division in the Spanish Cabinet as to Spain's Attitude Toward the United States - Rumors in Havana About Granting Cuban Independence.

MADRID, Oct. 21.—A dispatch from Corunna says that Marshal Blanco, prior to embarking for Havana to assume his new responsibilities as governor-general of Cuba, made the following statement:

"I go to Cuba with full confidence in the efficacy of the new program to insure immediate and certain success. My military and political actions I shall develop simultaneously. I have not been instructed to maintain any reserve regarding the intentions to bestow the full autonomy offered by the Liberal party when I was in the opposition.

"I have not consulted the government about the divisional command, but so as to have more time for political affairs, I wished to be accompanied by generals like General Parrado, who, as second in command, will bear the brunt of the military action, and General Pando, who will direct the campaign at the head of the army.

"I can not fix a date for the termination of the war. One of my generals has expressed himself confident of returning victorious in seven months. Matters might take a turn to confirm this surmise, but if all ends well, it will make no difference even if we do take a little longer to reach peace.

El Herald says that Senor Canalar, when starting for Cuba, declared that he would make "a true report of the situation after studying the question of Cuba and the United States."

Senor Gullon, the foreign minister, has communicated to Premier Sagasta the contents of a dispatch from Senor De Lome, the Spanish minister at Washington, relative to the recent filibustering expedition alleged to have departed from New York and Jacksonville, Fla.

It is understood in political circles that there is a sharp difference of opinions between Senor Gullon, the foreign minister, and General Correa, minister of war, on the one hand and Senor Sagasta and Senor Mora, minister of the colonies, on the other, as to the attitude the government should take toward the United States.

El Correo, on the contrary, says that Senor Sagasta and Senor Gullon are "quite agreed as to international questions."

RUMORS AND FEARS OF TREACHERY.

HAVANA, Oct. 21.—A special dispatch from Madrid to El Diario De La Marina says that the government has cabled to Lieutenant General Weyler strictly prohibiting any demonstration on the day of his departure for Spain, and intimating that if these instructions are not complied with by him he will be held strictly accountable.

The word "treason" has been heard of late in several quarters; it is believed that the government intends to deliver the public offices into the hands of the insurgents, which, in the opinion of critics of such a course, would be equivalent to granting independence.

General Weyler has cabled the government that although he has fixed upon the 30th as the day of his leaving, he may embark a day or two earlier or later.

Many army officers who consider that Sagasta's policy of autonomy for Cuba is dangerous to Spanish sovereignty, have applied for leave to return to Spain. Lieutenant General Weyler has invariably refused these applications.

A body of insurgents in the province of Pinar del Rio came upon five guerrillas who had an ox cart filled with groceries. They mached the guerrillas and seized the cart.

NARROWLY ESCAPED LYNCHING. A Murderer Escapes One Mob Only to Get Into Another One.

MANHATTAN, Kan., Oct. 21.—A crowd of excited citizens thronged the streets here last night in the vicinity of the county jail, threatening summary vengeance upon Ike Warren, the murderer of Sheriff S. B. Lard, who was killed yesterday at Leonardville, a village 20 miles northwest of Manhattan. Warren, who had been arrested by the sheriff, shot the latter, killing him, and attempted to escape. His flight was stopped by Banker Sparks of Leonardville, who sent a bullet into the neck of the murderer. A summary lynching was prevented only by the hurried removal of the prisoner to Manhattan.

News of the crime was telegraphed here and when the train bearing the murderer arrived at 8:30 o'clock a crowd of 600 men surrounded the station. The cry of "lynch him" was immediately heard and the crowd gathered in upon the prisoner. The six deputy sheriffs who had Warren in custody, drew their revolvers and threatened to shoot the first man who made a hostile move. The murderer, who was shaking with fright, was drawn to an omnibus, the six deputies jumped in, the horses were lashed into a run, and the mob was not drawn until the county jail was reached. The mob followed and soon surrounded the county jail, demanding the life of the murderer. Deputy Sheriff Marsh told them the murderer would probably die of his wounds, and this seemed to quiet the crowd and it soon afterward dispersed.

NO AGREEMENT YET.

The Luetgert Jury Will Not Be Discharged Until Saturday Evening.

CHICAGO, Oct. 21.—At 8:30 last night it was announced from the office of State's Attorney Deneen that there would be no announcement of a verdict in the Luetgert case during the night.

Judge Tathill went home early in the evening, leaving matters with State's Attorney Deneen, who was to send him word in case a verdict should be reached during the early part of the evening. The attorneys for the defense also left matters with Mr. Deneen and went home to await any word that might come from the jury room.

Attorney Phalen, the junior counsel for the defense, was around the state's attorney's office for a short time and then took his departure. State's Attorney Deneen, pale-faced and red-eyed from long lack of sleep, sat in his office until 8:30, and then he announced that he would wait no longer and gave orders that his office be closed.

It is the firm determination of Judge Tathill to keep the jury until Saturday night or late Saturday afternoon before he permits them to go with a disagreement. He has announced that both state and defendant have spent so much money and time and the case had been so long and difficult to try that he will not consent to the discharge of the jury until there is absolutely no hope whatever of a verdict being reached.

The jury stands about where it stood 24 hours ago. Reports vary from nine for the death penalty to three for acquittal, to 11 for death and one for acquittal. The one juror holding out for Luetgert is Harley, and it is thought that if he would change front there would be little time lost in arriving at a verdict. Juror Holabird is also credited with favoring the acquittal of the prisoner, but it is thought he will come around quickly if Harley could be induced to vote for conviction.

The feeling among the jurors who are in favor of the death penalty is high against Harley, and they have done some very plain talking to him. At one time they even sent for Judge Tathill to know among other things, if 11 men could compel one man to vote with them or if the verdict would be valid, if but 11 men signed it. This is the incident that gave to the state the idea that there was but one man standing between Luetgert and a death sentence.

DYNAMITE IN HIS POCKET.

Explosion in a School Room in Which a Boy Is Fatally Injured.

SPRINGFIELD, Mo., Oct. 21.—Raymond, the 12-year-old son of A. D. Allen, stenographer in the circuit court, went to school carrying a portion of a stick of dynamite. The explosive, which the boy had found in a stone quarry, was in his pocket, with a knife, top, marbles and a quantity of other things common to boys' pockets.

In getting into his seat the boy banged his dangerous collection against the desk, causing an explosion which will probably cost him his life and which was heard for two blocks. The child's right hand was blown off and in his right groin a terrible wound was inflicted, from which the surgeons say he can not recover.

The teacher, Miss Mack, was close by and had her skirts torn into shreds, but she was not hurt.

The explosion caused a panic among the other children and several were hurt in trying to get out of the building.

After a Beet Sugar Factory.

NEWCASTLE, Ind., Oct. 21.—Local promoters of the beet sugar factory, which it is hoped will be located here, are doing very effective work both in the way of soliciting stock and in township organization. Professor Wiley, the expert of the department of agriculture, has wired the local committee that he will be here and address the people on Saturday afternoon. Professor Plum of Purdue will also be present and Governor Mount has been invited and is confidently expected.

Pioneer in the Livestock Trade Dead.

NEW YORK, Oct. 21.—Archibald M. Allerton, a pioneer in the livestock trade, is dead at Moore's Fork, N. Y., aged 75 years. He built the first stockyards in this city, also yards at West Albany, at Suspension Bridge, the National stockyards in East St. Louis and the stockyards in Toledo. His family holds a large interest in the Chicago stockyards.

Never Able to Walk Again.

KOKOMO, Ind., Oct. 21.—Isaac Smith a carpenter, while going to his work yesterday morning, was overtaken by two boys in a buggy, who asked him to ride. The horse ran away and Smith was thrown into a ditch, fracturing his hip, the neck of the femur being broken off. He will never will be able to walk again.

BLUE EARTH CITY, MINN., Oct. 21.—About 7 o'clock yesterday morning George Young, a farmer, residing two miles south of this city, shot and killed his wife, his two boys, aged two and four, and himself. All died instantly and were found weltering in blood, when the hired man, the only other person on the place, came in. Business and domestic troubles form the only explanation for the deed.

A BICYCLIST KILLED.

A Blood Vessel Burst by an Apple in His Pocket.

BRIDGEPORT, Conn., Oct. 21.—George Hall, one of the best known bicyclists in town, met with a strange death. While coasting down the steep hill at Daniel's Farms he was thrown from his wheel flat upon the ground. An apple in his pocket pressed against his heart, causing a blood vessel to burst. He died in great agony before his companion, F. G. Leigh, could stop his machine and return to him.

Hall and Leigh had been chestnuting, and during their rambles through the woods filled their pockets with apples.

They were in a hurry to return home and imprudently took the hill, which is considered dangerous even for the best riders. Hall was the son of well-to-do people, and was in his 18th year.

EDITOR DANA'S LAST WISH HEEDED.

A Very Brief Obituary Printed in the Famous Editor's Paper.

NEW YORK, Oct. 21.—The only announcement which The Sun has made of the death of its famous editor, Charles A. Dana, consisted of the following 10 words, printed at the head of the editorial columns:

"Charles Anderson Dana, editor of The Sun, died yesterday afternoon."

The brevity of the notice occasioned some surprise in newspaper circles, for Mr. Dana was a man of more than national reputation, but the explanation is simple. One of the last wishes Mr. Dana expressed to his son when he knew that his end was not far off, was this:

"Paul, when I am gone don't have a long obituary of me printed in The Sun. Simply announce my going away; that is all." And this request was heeded.

REINDEERS AND THE KLONDIKE.

Dr. Jackson Points Out the Advantages of Such Stations.

SEATTLE, Wash., Oct. 21.—Dr. Sheldon Jackson, United States superintendent of Alaskan schools, who has just returned from Alaska, says: "There is but one solution to the transportation problem in Alaska and that is the reindeer. I believe that the mines of the Yukon can never be fully developed without the use of the reindeer."

"It is my belief that the government could to great advantage to the people living in Alaska establish reindeer stations on the Yukon all the way from Dyea to St. Michael's. In this way mails could be transported regularly and expeditiously and the food supply would never be allowed to get to that point where a famine is imminent."

To Preserve Order in Alaska.

WASHINGTON, Oct. 21.—The secretary of war has issued an order creating a military reservation in that part of Alaska lying within a radius of 50 miles of St. Michael's. The purpose is to confer upon Lieutenant Colonel Randall the necessary legal authority to preserve order and protect property in this section of the country, both of which are believed to be jeopardized by the large number of lawless characters gathered near the mouth of the Yukon.

PUEBLO, Colo., Oct. 21.—A special train on the Gulf road last night ran from Walsenburg to this city, 57 miles, in 56 minutes, to bring to a hospital here Senor Neumann, a wealthy cattle and sheep owner, who had been shot in the abdomen by Paul Frohlich, a member of the Walsenburg council.

The men quarreled in regard to a hide house which the council had ordered removed. Frohlich says that when he fired Neumann had drawn a revolver. Neumann denies that he had any weapon. His chances of life are only about one in 50.

CASUALTIES IN JAPAN.

CLEVELAND, Oct. 21.—Assistant Secretary of the Navy Roosevelt announces that this government proposed to send the Yantic through the Canadian channels to the Great Lakes regardless of the attacks of timidity on the part of the Canadians. After driving the family from the house he locked the doors and commenced to destroy the furniture. Entrance being gained through a window, it took the combined strength of six men to overpower him and lock him up in the town jail. There he set fire to the bed clothes, and narrowly escaped being cremated. His mother is now in the Athens insane asylum.

Mrs. Garfield's Father Dead.

MENTOR, O., Oct. 21.—Zeb Radolph, the father of Mrs. James A. Garfield, the widow of the late president, died yesterday evening at Lawnfield, the Garfield home, of old age. Miners on Another Strike.

ZANESVILLE, O., Oct. 21.—The miners employed along the Zanesville and Ohio River railroad are out on a strike caused by the Siler Coal company, since the last resumption of work, placing an obstruction on the screen that affected the miners to the extent of 200 or 300 pounds for every car of coal dumped. There has been no disorder, but none of the mines are in operation.

THAT treasury deficit for this fiscal  
 year now amounts to over \$35,000,000,  
 and it is still growing. Hi, there, Br'er  
 Davis, haven't you caught on yet?

THE Republicans have arranged to  
 take their nominee for Appellate Court  
 Clerk on a tour of the State next week,  
 and have him make speeches at all im-  
 portant cities from the train, after the  
 Bradley style. They will bring him to  
 Maysville October 29th, at 9:40 a. m., and  
 he will spend an hour here. Little  
 Bailey imagines he's the whole show  
 this year.

Is a letter written to the Winchester  
 Democrat some years ago Senator Lind-  
 say said:

Silver should be remonetised without  
 restriction as to the amount which may  
 be coined and put in circulation, and the  
 old silver dollar should be made a legal  
 tender for all sums, and in payment of  
 all debts, public and private.

Has the Senator ever explained why  
 he has changed and is now so bitterly  
 opposed to the white metal?

THE export of wheat during the month  
 of September beats all records. It  
 amounted to 25,868,833 bushels against  
 17,646,815 for the same period last year.  
 Doesn't that look just a little bit like  
 there was a change for the better in be-  
 half of the American farmer?—Public  
 Ledger.

And now Br'er Davis just tell the  
 farmers what an important figure this  
 foreign demand for our wheat has cut in  
 putting up the price of grain. Honest  
 Ingun, don't you believe it has done more  
 to make prices better than the Republi-  
 can administration?

### "A HUNK OF IGNORANCE."

That What a Republican Editor Calls Sena-  
 tor Deboe—More Hot Shot By  
 Forrester.

[Louisville Capital.]

But speaking of being a "Republican,"  
 when did the editor of the Capital claim  
 to be a Republican of the sort that Deboe  
 and the negro clubs are? Gov. Bradley  
 stated last year that if the Republicans  
 should straddle on the currency question  
 or adopt a free silver plank, and the  
 Democrats should adopt a gold standard  
 platform, he would vote the Democratic  
 ticket. Would Gov. Bradley be a Re-  
 publican on that statement? Not a De-  
 boe Republican, certainly, for Deboe  
 would vote for any sort of platform to get  
 an office.

But the editor of the Capital would like  
 to know when, where and by whom, that  
 250-pound hunk of ignorance and insolu-  
 ence acquired a license to question any-  
 thing that the editor of the Capital does?  
 Whoin'll are you, anyway? What have  
 you ever done but break your promises  
 to Stanley Brown and Gen. Collier and  
 Geo. Lieberth and John W. Lewis and—  
 snore in the Senate.

Go get the burs out of your tail, you  
 scalawag, and wait until you learn  
 enough politics and English grammar to  
 keep you from being the butt of every  
 paragrapher in the State, before you get  
 on your hind legs in the far corner of  
 Kentucky and try to take the political  
 measure of your betters.

Finally, brethren, if Deboe and the ne-  
 gro clubs are fair types of Republicanism,  
 the editor of the Capital is not of their  
 kind. The sound-money Democrats and  
 such Republicans as stand up for princi-  
 ple are the sort of people that the editor  
 of the Capital proposes to support and if  
 that is not satisfactory, Mister Bill De-  
 boe, and Mister nigger and all the rest of  
 you, you know what you can do!

### TIME IS UP.

President McKinley Must Act or Accept the  
 Consequences.

[New York Journal.]

If in the stress of assault by office seek-  
 ers and in the labor of aiding Congress to  
 frame a tariff law the President of the  
 United States has not had opportunity ad-  
 equately to study the important litigation  
 in which the Government has vital inter-  
 est, the time has now come for him to  
 give due attention to the proceedings for  
 the sale of the property of the Union  
 Pacific Railroad under decree of foreclos-  
 ure. The sale is about to occur. The  
 prediction is justified by the facts now  
 before the world that a syndicate of  
 financiers has an unjust advantage over  
 other bidders, and will attempt so to em-  
 ploy this advantage as to bid in this val-  
 uable property at a price that will cause  
 to the Government a loss of \$25,000,000  
 of the money due to it from the corpora-  
 tion.

The Administration has means to delay  
 this sale. The head of the Department  
 of Justice, Attorney-General Joseph Mc-  
 Kenna, seems in no mood to use this  
 means. The President may properly  
 direct him to take the action necessary  
 to postpone the sale. The principal pur-  
 pose of delay is to give Congress an op-  
 portunity to frame legislation to prevent  
 loss to the Government. The Senate had  
 this matter under consideration when  
 Congress adjourned. If no stronger mo-  
 tive obtains, courtesy from the Executive  
 Department to the Legislative Depart-  
 ment suggests that the President should  
 give Congress opportunity to give its  
 direction upon the manner of collecting  
 the debt and of disposing of the property  
 of a defaulting debtor.

There are stronger reasons, among  
 them the dictation of the law of 1887, but  
 if they are unconsidered, as they seem to  
 be, the appeal is made on the ground of  
 high official etiquette. Can it be that  
 the President has passed over the warn-  
 ing of Senator Morgan: "When Mr. Mc-  
 Kinley consents to become the adminis-  
 trator \* \* \* of this transaction \* \* \*  
 he will commit himself to a scheme  
 that will wreck any man that ever lived  
 in this world."

Mr. President, time is up. The auc-  
 tion bell is ringing.

Hog thieves have renewed their raids  
 in Bourbon County. One night last  
 week thieves stole a 200-lb. porker from

 two hogs from him and left the hog skins  
 as evidence of their visit.

It is said the fastest time ever made on

 him that his wife and daughter had been  
 injured in the accident at Robinson  
 Opera House. The train left here twenty  
 minutes late, but reached Covington on

THE large barn of Mr. M. A. Neel, at  
 Neel's postoffice, north of Aberdeen,  
 burned a few mornings since, entailing a  
 loss of over a thousand dollars. There  
 were three horses in it, but one of them  
 managed to get out, while the other two  
 burned. One hundred bushels of corn,  
 a lot of wheat, three tons of hay, a new  
 buggy, a double set of harness and a lot  
 of farm implements went up in the  
 smoke. The origin of the fire is a mys-  
 tery. There was no insurance, the policy  
 having expired last April.

 there this week. It required thirty dea-  
 cons to wait on the congregation. The  
 annual report of the Board of Managers

 with \$7,909.08 on hand. From all sources  
 \$106,222.10 was received, an increase of  
 \$12,354.39 over last year. The expendi-  
 tures for the year were \$99,195.

The Court of Appeals Reverses the Case of  
 W. S. Melton Who Sued to Recover  
 a Lottery License.

The Court of Appeals yesterday re-  
 versed the case of W. S. Melton against  
 the city of Maysville.

Some years ago Melton was granted  
 license to operate a lottery, paying the  
 city therefor \$250. A month later he  
 was indicted in the Circuit Court, and  
 was promptly convicted and sentenced  
 to jail for 100 days.

After he had served most of his time  
 he was pardoned by Governor Brown.]

After his release Melton sued the city  
 to recover the \$250 he had paid for the  
 license. Judgment was given him for  
 the amount in the Circuit Court, but the  
 Court of Appeals now reverses that judg-  
 ment and decides against him.

## BRAVELY BATTLED FOR LIFE,

But It Was Without Avail—Sad Death of George Fish, a C. and O. brakeman.

[Enquirer, Oct. 20th.]

Mr. Charles E. Fish returned yesterday from Columbus, whither he went to bury his brother George, who was killed on the Chesapeake and Ohio Railway last Saturday.

The circumstances surrounding the case are very sad, the dead man leaving a wife and four children. When the accident occurred the train was near Russell, and was just starting out from that point. Mr. Fish, who was head brakeman, climbed on a car step and leaned back to see if some tramps got on the train, who were seeking a free ride, when he was struck by a target pole and thrown between the cars.

The whells passed over his legs, nearly severing them both, but, with a degree of pluck that might have been rewarded by his life, he managed to drag himself clear of the track. When the train was stopped and assistance offered, the injured man was tying his handkerchief about his crushed leg to stanch the flow of blood.

It was of no avail, however, for he died just after his mother reached him, whom he had awaited and longed for with a hope that his life might last that long. Mr. Fish lived in Covington and was well known here.

Mrs. Fish, wife of the deceased, is lying at her home, Seventeenth and Mary streets, Covington, in a critical condition, having been dangerously ill at the time of her husband's death. She had to be carried in arms from her bed to get a farewell glimpse of her husband's face. The shock of his death, it is feared, will kill her."

## It Flourishes on Critical Tests.

Victor Herbert's Famous 22nd Reg't Band, of New York, (late Gilmore's) will be here on October 28th, about fifty of them, and several notable soloists, and any one who loves music in its more brilliant and stirring form will then have an opportunity to feast their desire to the fullest extent. These concerts have the reputation of being of the most captivating sort.

Victor Herbert would play before any audience on earth, without hesitation, nor would he be risking anything in name or fame. The band has played the most critical tests in this country, and came out with greater renown than ever. The soloists are Marie Donavin, soprano, Otto Hagedorn, harp, and Victor Herbert, violoncello.

At opera house next Tuesday.

## GRAY-MITCHELL NUPTIALS.

The Mayslick Christian Church the Scene of a Pretty Wedding Last Evening.

The handsome Mayslick Christian Church was the scene last evening of one of the prettiest nuptial events ever solemnized at that place.

At 6:30 o'clock, Mr. Thomas H. Gray and Miss Mary LaRue Mitchell were happily wedded, Rev. F. M. Tinder, pastor of the church, officiating.

The bride is one of Mayslick's pretty and most estimable young ladies, the accomplished daughter of Mr. and Mrs. Sanford H. Mitchell, and the house was crowded with relatives and friends who unite in the warm congratulations and good wishes showered upon the couple.

The groom is a popular young gentleman of Fleming County, where he is engaged in the tobacco business.

## FOOT BALL.

An Organization Effected and Officers Elected—Committee Appointed to Carry Out Plans.

The meeting last evening was full of spirit and a permanent organization was perfected by electing Curtis Williamson, President; John Power, Jr., Manager; W. S. Watson, Treasurer; P. D. Wells, Secretary. Joseph Easton was elected Captain.

The management decided that it would not be advisable to solicit subscriptions, so the plan of issuing tickets at 25 cents or five for \$1 was adopted. In this way it is hoped to raise the amount necessary to purchase suits and balls. A committee consisting of Waller, Power, Williamson, Wells, Wormald, Hord, Moss, Hall and Pangburn was appointed to sell the tickets, so when you are called upon buy five tickets and the management will assure you of a good clean foot ball game within a short time. There is an abundance of good material and as there are several who have played on college teams more or less, old Maysville can soon have a strong team.

Any one desiring to try for a place on the team will do well to notify the Captain at once. Show your interest by purchasing tickets, and the boys will do the rest. If you do not understand the game, ask some one to explain it to you.

### RECTORVILLE.

The concert given at Orangeburg last Saturday evening under the management of Prof. Charles R. Gardner was one to be remembered. The house, beautifully decorated with ferns and flowers, looked in truth a perfect flower garden. The large and appreciative audience were highly entertained during the entire evening. Mr. Gardner is a graduate of the Cincinnati Conservatory of Music, and from the success achieved with his pupils is a very able teacher. The talented Messrs. Lucien Goodman, George and Clarence Doty, of Mr. Gilead; and Charlie Steavson and Win Bowman, of Tollesboro, assisted with their stringed instruments. The music was indeed a treat seldom enjoyed out of a city.

### MAYSICK.

Candidates are quite numerous. Water is becoming very scarce. Mr. and Mrs. S. M. Myall spent last week at Cincinnati. Mrs. Mollie Williams visited relatives at Carlisle Sunday. James Desmond, of Maysville, was a pleasant caller here Sunday. Miss Margaret McHugh, of Maysville, visited relatives here last week. The Misses Raymond have for their guests two charming young ladies from Concord. Messrs. Claude Chappell and Earl Carvin, of Maysville, made their usual call here Sunday. Messrs. J. S. Prather and P. W. Cracraft were seeing the sights of the Queen City last week. Misses Bertie Pogue and Aline Myall were the guests of friends at Charleston Bottom Sunday. Mrs. James Liston and little daughter, of Louisville, are guests of the family of James Slattery. Miss Anna Cogan, of Maysville, spent last week here with relatives, being called home by the illness of her brother. The Christian Church was the scene of a pretty wedding Wednesday eve, the occasion being the marriage of Miss Mary L. Mitchell and Mr. Thos. Gray.

It has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decaying tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

### PITHY POINTS.

Whisky is the instigator of all villainy. As the Irishman said, it's mighty poor riding that's not better than walking, so it's a mighty poor Democrat who is not better to vote for than a Republican. The liquor traffic is responsible for the monstrous crime that was perpetrated in Campbell County, as it is only this agency of hell that prompts men to such outrages. The Democratic party is not the party of aristocrats and millionaires, but is the expounder of the doctrines promulgated by Thomas Jefferson and Andrew Jackson in the interest of a free and enlightened yeomanry, the only hope of a Republic.

### Free of Charge to Sufferers.

Cut this out and take it to your druggist and get a sample bottle free of Dr. King's New Discovery, for consumption, coughs and colds. They do not ask you to buy before trying. This will show you the great merits of this truly wonderful remedy, and show you what can be accomplished by the regular size bottle. This is no experiment, and would be disastrous to the proprietors, did they not know it would invariably cure. It is guaranteed. Trial bottle free at J. J. Wood's drug store. Regular size, 50 cents and \$1.00.

### The Martin-Allen Wedding.

The Cincinnati Commercial Tribune of October 13th contains the following additional information of a marriage recently solemnized at that place and heretofore briefly mentioned by the BULLETIN: "The marriage of Miss Allen, of Carlisle, Ky., to Mr. L. J. Martin, youngest son of the late Dr. Martin of Maysville, was an interesting and pretty event celebrated in the parlors of the Grand Hotel at 11 o'clock yesterday morning. Rev. E. L. Work, pastor of the First Presbyterian Church, was the officiating clergyman, and there were present only a few immediate relatives, including Dr. and Mrs. R. H. Pepper, of Huntington, W. Va.; Mr. and Mrs. Marshall, of Washington, Ky.; Miss Webster, of Carlisle, and Miss Martin, sister of the groom. Mr. Martin was formerly a newspaper man at Huntington, W. Va., but is now a prosperous farmer in the Blue Grass State. His bride is a fair Kentuckian. They will remain in Cincinnati for a week when they will return to make their home near Maysville."

On Monday evening, October 25th, at Court House, Polk Miller, Oscar P. Sisson and little Ester Wallace will give their unique performance. Mr. Miller will be heard in his wonderfully clever dialect stories and songs illustrating the peculiar characteristics of the old plantation negro. As a curtain raiser, Mr. Sisson and Miss Wallace give a smart little musical-comedy skit entitled, "Cousin Ella's Visit From the Country." Mr. Sisson impersonating an over-grown New England country boy and Miss Wallace a little Yankee school girl. This act abounds in funny situations, cleverly sung songs and clean cut comedy work. The third part of the performance is a sketch, "Old Times Down South," in which Mr. Miller impersonates an old plantation negro, color, dialect, costume and all, and introduced are songs, humorous and pathetic stories, banjo "pickin'," etc. The dialogue abounds in witty and interesting points and as the advertisement reads is "constructed for laughing purposes." Tickets on sale at Chenoweth's drug store at 50 cents each.

### FARM LANDS DEVASTATED.

Forest and Field Fires Causing Heavy Loss to Agriculturists.

HUNTINGTON, Ind., Oct. 21.—Over 100 acres of the best farming land in Wells county, lying in the northeasterly part of the county, have been rendered worthless by fire. This land lies near the source of the Eight Mile creek, east and north of Tocsin. It is what is known in that country as prairie land, and before the fire devastated it, it was as fertile as any farmer could wish for for the raising of corn and potatoes. Ten days ago the section men on the Chicago and Erie railroad set fire to some trash piles, and the fire was communicated to the soil, which has been on fire since. The Erie Railroad company has agents at work among the owners of the land trying to make settlements.

Five years ago when a like disaster befell the farmers in that part of the country some of them were paid as much as \$37 an acre for their damaged land.

The rain of a few days ago did not quench the fires, but served to protect the land not already on fire.

Another locality in which great damage has been done by the fires is in the neighborhood of Seven Sections, in Fulton county, west of Huntington. The people there are seriously alarmed over their inability to cope with the fires, which are raging through dense underbrush and fallen timbers of that heavily wooded region. A large area has already been swept over, and great damage done to the heavy timber. It was only by great efforts on the part of the whole neighborhood that the village of Hoover was saved from destruction a few days ago. More than 700 acres of land has been burned over.

On Sunday some one set fire to timber in the northern part of the sections, and the fire is now raging in that quarter. Rain is the only hope of the people in its path. Eight or 10 farmhouses in that quarter seem doomed. The underbrush in those timbers is so dense that it is impossible to fight the flames.

### PERPLEXING SITUATION.

Danger of Another Shutdown in the Indiana Mining District.

BRAZIL, Ind., Oct. 21.—The situation in the block coalfield at the present time is most uncertain. The operators met with the miners yesterday afternoon to answer the request preferred last Saturday for an increase in the price of mining to 70 cents. President Anderson of the miners states that the request was not made because the miners believe the increase is due as a differential between competitive districts, but because the price of necessities of life have advanced, and the selling price of coal having been increased, they should share in the benefits.

The operators refused to grant the request, claiming that it was unfair to ask this district to pay a price out of proportion to other districts, and thus seriously handicap them in the market. They also claimed that the miners by this demand have twice broken their contract this year, and there is no assurance that should the increase be granted it will not be followed next week with still further requests.

The miners will report the action of the meeting back to the miners for action, and there will be delegate convention here on Saturday to decide whether or not there shall be a strike. The public sympathy is rather against the miners in this matter.

### Stage Held Up and Robbed.

UNIONTOWN, Wash., Oct. 21.—The stage running between Lewiston and Uniontown was held up last night at 10 o'clock by masked men and the United States mails and the express box were rifled. At the top of the hill the robbers jumped from their place of concealment and demanded the treasure box and mail pouches. These were given up. One of the passengers was compelled to break open the treasure with an ax, after which the stage was ordered forward. None of the passengers was molested. There is no trace of the robbers. It is believed that but little booty was secured.

### Pullman Will Be Buried in Chicago.

CHICAGO, Oct. 21.—The funeral of the late George M. Pullman will take place at Graceland cemetery Saturday at 2 p. m. It was at first expected that the interment would be held in the Mount Albion cemetery, near Albion, N. Y., where Mr. Pullman's father and mother were buried years ago, but Mrs. Pullman signified a desire to have the burial here rather than in the east, and it has so been decided. The offices of the Pullman company will be closed on the day of the funeral and the great shops at Pullman will pay like tribute to the dead.

### Some Plain Facts.

Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injustice is the attempt to demonetize silver as a money of final redemption in the United States.

There is no learned judge, lawyer, or court of justice capable of reconciling the effort with the constitutional laws that govern the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property value one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and ample information, facts, and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy.

The Weekly Enquirer is only 75c a year. The address is Enquirer Company, Cincinnati, O.
